FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS
New Delhi, India
2012

AFFILIATIONS OF AUTHORS:

Gorakh Singh
Horticulture Commissioner, Indian Council of Agricultural Research, New Delhi

Vishal Nath
Director, National Research Centre for Litchi, Muzaffarpur, Bihar

S.D. Pandey
Principal Scientist, National Research Centre for Litchi, Muzaffarpur, Bihar

P.K. Ray
Professor Horticulture, Rajendra Agricultural University, Pusa, Samastipur, Bihar

H.S. Singh
Principal Scientist and Head, Central Horticultural Experiment Station, Bhubaneshwar, Odisha

CONTENTS

CHAPTER 1
Importance and Distribution 1

CHAPTER 2
Climate and Soil 9
- Temperature 9
- Light 11
- Rainfall 11
- Relative Humidity 12
- Hailstorms and Frost 12
- High Velocity Wind/Hurricane 13
- The Ideal Climatic Conditions 13
- Soil 14
- Soil Organic Matter 15
- Water Table 15
- Soil pH 15
- Moisture 16
- Selecting Site for New Plantations 16

CHAPTER 3
Cultivars and Genetic Enhancement 18
- Criteria for Selection of Litchi Varieties 19
- Desirable Characteristics of a Litchi Cultivar 20
- Fruit Characters 20
- Tree Characters 22
- Classifying Varieties on Vegetative Characters 23
- Region Specific Varieties 24

Commercial Varieties 24
Varieties Grown in India 25
Varieties from China and Other Countries 31
Genetic Enhancement 35

CHAPTER 4
Plant Propagation 38
Asexual Propagation 39
Air Layering 40
Stool Layering 42
Grafting 42
Approach Grafting 44
Side Grafting 45
Wedge Grafting 46
Managing Nursery Stocks 47

CHAPTER 5
Establishing the Orchard 48
Land Preparation 48
Soil Reclamation 49
Layout 49
Planting Methods 50
Digging Pits 52
Pit Filling 53
Apply Mycorrhiza 54
Quality of Nursery Stocks 54
Planting Time 55
Planting Distance 55
Planting Saplings 56
Irrigation 57
Mulching 57
Drainage 58
Tree Guard and Staking 58
Live Fences 59
Windbreak 60
Replanting 61
Production Systems 61

CHAPTER 6
High Density Planting 63
Merit of HDP over Normal Planting 63
Components of High Density Planting 64
Management of High Density Orchards 66

CHAPTER 7
Care of the Young Orchard 67
Pruning for Training 68
New Evidence on Growth 68
Care of the Young Orchard 69

CHAPTER 8
Tree Growth, Flowering and Fruiting 75
Growth of Shoots 75
Juvenile or Non-bearing Stage 76
Early Bearing Stage 77
Young Bearing Orchards 77
Full Bearing Orchards 77
Old Declining (senile) Orchards 78
Root 78
Leaf 79
Vegetative Flushing 80
Dormancy or Rest period 80
Flowering Period 81
The Panicle/ Inflorescence 81
Flower 82
Flowering 84
Pollination 86
Fruit Setting 87
The Fruit 88
Fruit Growth 89
Fruit Drop 90
Fruit Yield 91

CHAPTER 9
Nutritional Requirement 93
How to Know the Nutrients Need? 95
Deficiency Symptoms of Major Nutrients in Litchi 98

Micronutrients Deficiency 99
Determining the Need for Micronutrients....100
Application of Nutrients 103
Nursery Stocks....104
Fertilizer Application Rate 106
Time of Fertilizer Application 107
Method of Fertilizer Application 108
Foliar Feeding 109

CHAPTER 10
Water Requirements and Irrigation....111
The Root Zone 111
Monitoring Soil Moisture....112
Plant Based Measurement 113
Meteorological Observations....113
Soil-Plant-Atmosphere Continuum....114
Determining Water Requirement 114
Stress Before Flowering 115
Irrigation Scheduling....115
Irrigation Methods 116
Improving Water-Use Efficiency 121
System of Irrigation 121
Mulching 122

CHAPTER 11
Orchard Floor Management 125
Benefits of Proper Orchard Floor Management 125
Selection of Crop....126
Factors Determining Choice of Intercrops 126
Crop Combination....127
Filler Fruit Crop based Multi-tier System....128
Method of Growing 129
Pest Management....129
Irrigation and Nutrition 129
Long-term Productivity 130
Weed Management in Litchi....130
Cultural (Mechanical) Control....131
Intercropping/Cover Cropping for Weed Management 132
Biological Weed Control....132
Mulching for Weed Management and Moisture Conservation 134

Types of Mulches 135
Method of Mulch Application.....135

CHAPTER 12
Ensure Regular Bearing.....136
Adopt Proper Nutrient Management Practice 136
Irrigate the Plant as per Need.....138
Make Attempts to Increase Pollination 139
Fostering Strong and Healthy Bearing Branches 139
Perform Pruning after Harvest.....140
Thin out Excess Fruits 140
Manage the Tree Basin 140
Banking of Tree Trunk.....140
Use Growth Regulators.....141
Adopt Pest and Disease Control Practices.....142

CHAPTER 13
Canopy Management and Rejuvenation.....143
Importance of Canopy Management 143
Planning for Canopy Management 146
Canopy Management Practices.....147
Heading Back to Control Growth.....151
Skirting 152
Centre Opening Up 153
Thinning.....154
Root Pruning 154
Rejuvenation.....155
The Process 155
Managing Rejuvenated Plants.....156
The Outcome.....158
Tools for Canopy Management 158

CHAPTER 14
Insect Pest Management 160
Integrated Pest Management.....160
Important Insect Pests 161
Litchi Leaf Roller 164
Litchi Fruit Borer 165
Shoot Borer 166

Fruit Sucking Moths 167
Litchi Bugs 168
Leaf Eating Weevils 169
Litchi Nut Borer 169
Semilooper 170

CHAPTER 15
Diseases 171
Brown Blight 171
Anthracnose 172
Tree Decline and Root Rot 173
Red Rust 174
Fruit Rot 175

CHAPTER 16
Physiological Disorders 176
Poor Fruiting/ Non Fruiting / Irregular Fruiting 176
Flower and Fruit Drop 177
Fruit Cracking 178
Sunburn 181
Retarded/ Underdeveloped Fruits 182
Black Spot 183
Pericarp Browning 183

CHAPTER 17
Fruit Maturity and Harvest 185
Maturity Indices 185
Harvesting 186
Training Workers for Harvesting 188
Harvesting Time 188
Fruit Picking 189
Crates and Containers 189
Harvesting Period in India 190

CHAPTER 18
Post Harvest Handling and Storage 191
Sorting and Grading 191
Pre-cooling 192
Packaging and Transport 193

Labeling 195
Transport 195
Storage 196

CHAPTER 19
Processing and Value Addition 197
Basic Inputs for Small Processing of Litchi 198

CHAPTER 20
Marketing and Production Economics 204
Prevailing Channel of Litchi Trade 204
Commodity Movement from Production Area to Market 205
Price Structure 207
World Trade 208
Export Potential of Indian Litchi 209
Measures for Enhancing Competitiveness for Exports 210
Litchi Marketing 210
Reasons for Declining Status of Litchi Export 211
Economics of Litchi Export: a Case Study 211
Production Economics of Litchi 212

APPENDIX 215
Orchard Management: Monthly Calendar of Cultural Operations 215
Monthly Calendar of Operations for Establishing and Non-fruiting Orchard 215
Monthly Calendar of Operation for Fruiting Orchards 217

LIST OF FIGURES
